

GREEN VALLEY INSPECTIONS

This agreement (SewerGard) is serviced and underwritten by Residential Warranty Services (RWS) and is provided free of charge by your home inspector as a part of your paid and completed home inspection.

SEWER|GARD

Term

SewerGard protection is offered for a period of 90 days following the date of the inspection, or 22 days after closing, whichever comes later. All claims must be received by RWS within the term of the agreement. An extension of coverage may be made available at a nominal fee at the conclusion of this agreement. This agreement is not transferable to any other property outside of the one listed on your home inspection report.

Coverage

During the agreement term, the following components are covered against failure due to normal wear and tear:

1. "Water Line". The water line is the single lateral water service line from the point of the water utility's connection to the point of the water meter or main shut off line inside the home. The water line also includes well water lines, excluding those exceeding five feet under the surface level of the yard.
2. "Sewer Line". The sewer line is the single lateral sewer service line from the point of the home's exterior wall to the point of connection to the sewer utility's wastewater collection system or septic tank.

Covered Repairs

This agreement covers only repairs as specified and excludes all others. Coverage is limited to \$2000 per occurrence, \$4000 aggregate. Only failures that occur after the date of the inspection are covered. This agreement does not cover repairs to material types that have been affected by a class action lawsuit or manufacturer's recall. This agreement only applies to residential properties being used for residential purposes only. Coverage is for line breakages, collapses, or significant leaks that affect the functionality of the home's sewer and water systems. This is not a policy to cover clogs.
